Communication within Teams
Problem Solving Techniques
Programming Foundations: Data
Structures
Introduction to C++
DRRM101: Philippine Disaster Risk
Reduction and Management System

Michael Lorenz Tan

Computer Science Student
Metro Manila, National Capital Region, Philippines

Summary

I am a programmer; I have no life

Currently, I'm in a college and get excited by the curriculum. Being fascinated that I'd like is one of my nature, thus if you have passion for something, why not go chase it, right?

Aside from coding, I enjoy eating ;)

Education

University of the East

Information Communication Technology, Computer Programming /
Animation · (August 2021 - May 2022)

Natonal Teachers College

Information Communication Technology, Computer Programming · (August
2022 - July 2023)
